Appeal for Mulanje Mission Hospital

Mulanje Mission Hospital serves a population of 550,000 people in the Mulanje district of south east Malawi. The hospital is braced for COVID- 19 and launched an appeal in March. Malawi is just now beginning to see their first deaths from COVID- 19.

"In Malawi, hospitals are less well prepared for a pandemic like this. Understaffed, weak public health care facilities, poor availability of personal protective equipment and testkits and very few intensive care

options are a daily reality. With the disruption of global supply chains, access to drugs and medical supplies becomes increasingly difficult and expensive. Mulanje Mission Hospital with its reputation of good clinical care will likely see an influx of COVID-19 and other cases from the whole surrounding area. We are getting prepared to help those who seek our care, but require additional funds to do so effectively. Please consider a donation to help us making maximum impact during this difficult time.

There is a lot we can do. Health education to patients and communities; provision of infection prevention supplies such as soap and disinfectant, provision of protective equipment for health care workers and patients and strict adherence to infection prevention measures. For very sick patients extra oxygen concentrators and other intensive treatments are required and can make the difference between life and death.

As all around the world work together to control this crisis, please also stand with the people of Malawi and Mulanje and consider a donation, no matter how small."

£1 could provide a set of disposable PPE (personal protective equipment) for a nurse, cleaner or a clinician.

£4.50 could buy a bucket and a supply of soap for a family.

£40 could fund 2 infrared thermometers.

£1800 could provide one oxygen concentrating machine that will work on our solar system.

How to Order

To place an order please contact sarah.e.forrester@hotmail.co.uk

We will reply as soon as possible to confirm your purchase and how to pay.

Delivery is available within Edinburgh **or items can be collected** from St. Andrew's and St. George's West Church on 13 George St Edinburgh EH2 2PA

Gift Aid Cards

The MMH Sustainable Livelihoods programme supports a number of activities which reduce carbon emissions. These include training the community in agroforestry and conservation agriculture, developing community tree nurseries, tree planting in reforestation and riverbank conservation schemes, cultivating school orchards and village managed woodlots, generating income from trees through bee keeping, and the promotion of fuel-efficient cooking stoves.

This £5 card provides for one tree to be planted in Malawi and makes a contribution to community activities.

Face coverings

Face Coverings **handmade** by Sally Evans from chitenje materials bought by Alison Campbell when the group was visiting Mulanje! All proceeds go to Mulanje Mission Hospital! Suggested Donation £5.00

- 2 designs: orange/green/black swirl or blue/green flowers (the design on each one may vary due to the pattern)
- 4 layers: outer chitenje fabric plus two fine layers of cotton and one of polyester.
- Expandable pleats and soft elastic cord hoops, with toggles allowing adjustment for a comfortable fit over the ears.
- Channel for a nose wire, which should be removed before washing. 2 nose wires included.
- Designed to be worn bridged on the nose and just under the chin (18-19 cm wide and expands to 15cms deep).
- Includes a small pouch made from rip-stop fabric as illustrated.
- These are non-medical face coverings.

Other patterns and plain coloured face coverings can be made to order (see right hand photo).

These will be made with 3 layers of fabric, without toggles and with or without the channel for removable nose wires. Other sizes also available.

Please email for further details.
